Best Practices: “ Kisan - Help - Desk ”

The Goal :

To Provide Information of online services and government schemes to the farmers.

The Context:

Due to change in technology, the number of governments schemes to the farmers are online. This schemes are productive. However so many farmers are illiterate in computer. So keeping this in mind, and need of local farmers the department undertakes this activity .

The Practices :

In this activity B.Sc. CS(Entire) students are involved. The head of the department distributes students for local areas to informing farmers about online services and government scheme about farm. As per interests of the students, they choose the local area for this activity and define the objectives, plan and methodology of the activity. Students conduct practical demonstrations, showcasing how online payment platforms work and highlighting their advantages, such as convenience, security, and transparency. After completing activity students submit photograph and feedback of the farmers to the department.

Evidence of Success:

In this academic years, students successfully guided 20 farmers .

Problems encountered and Resource Required :

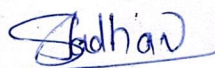

Some farmers do not have Android mobile phones.

Some farmers worried about online frauds.

Sometimes there is a range problem.
