BIODIVERSITY: "Variation in Living organisms present on Planet EARTH"

Theme of the Year 2023- From agreement to action: build back biodiversity

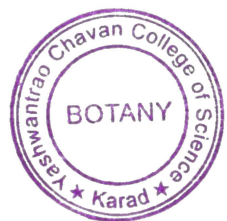

As the global community is called to re-examine our relationship to the natural world, one thing is certain: despite all our technological advances we are completely dependent on healthy and vibrant ecosystems for our water, food, medicines, clothes, fuel, shelter and energy, just to name a few.

This involves respecting, protecting, and repairing our biological wealth.

Undoubtedly, this year is special in terms of biodiversity conservation. We now have a renewed sense of hope with the adoption of the Kunming-Montreal Global Biodiversity Framework, a historic agreement signed in December 2022 that sets goals and concrete measures to stop and reverse the loss of nature by 2050.

That is why the theme of the International Day for Biological Diversity is **from agreement to action: build back biodiversity**. The slogan promotes the idea that, now that we have an action plan agreed upon at a global level, we must implement all the measures that the agreement contemplates before 2030. Only in this way will we be able to obtain protected and sustainable biological diversity by 2050. That is the main message from the [Convention on Biological Diversity \(CBD\)](#), the key international instrument for sustainable development.

Padma Shri awards 2023 : Cheruvayal K. Raman

Cheruvayal

K. Raman, also known as Cheruvayal Raman is a 73-year old tribal farmer and agriculturist from Wayanad district, who Padma Shri awards 2023, for his contributions to the field of agriculture. He is known for conserving over 55 rice varieties on his small farm at Kammana, most of them being very rare, which he preserved over decades. Most interesting fact is, he preserved rice seeds without adopting new technology or conventional sciences. Despite owning acres of land, he still lives in his 150-year old mud hut. Over the years he has received many honours, with Padma Shri being the latest recognition added to the list.
