| <p>Purpose :</p> | <ol style="list-style-type: none"> 1. The lecture is designed to redefine chemistry from a traditional industrial science into a transformative tool for global sustainability & social well-being. Its primary purpose is to educate students & professionals on how chemical innovation can address the United Nations Sustainable Development Goals (SDGs). 2. Advancing human development: It highlights chemistry's role in improving the quality of life through- Healthcare, Food security, Clean water. 3. Driving sustainable industrial progress: The session showcases the shift from fossil fuels to renewable feedstock's & the adoption of a circular economy, where waste is repurposed into valuable products like bio-base plastics & fuels. | | | | | | | | | | | | |

| <p>Outcome/ success achieved :</p> | <p>1. The lecture concludes that a sustainable future enquires a fundamental paradigm shift in how chemistry is designed, taught, and applied, moving from a dark side of environmental pollution to a benign by design approach that supports both human development & ecological resilience.</p> | | | | | | | | | | | | |

Subject- Invitation as a speaker for "Modern Chemistry for Sustainable Progress and Human Development under Science Seminar Activity"

With respect to the subject mentioned above we invite you in as a Guest Speaker in "Modern Chemistry for Sustainable Progress and Human Development under Science Seminar Activity", which will be held on 21st January 2026 at 2.00 pm in Yashwantrao Chavan college of Science, Karad, Satara (Maharashtra). We welcome you to join us and share your knowledge and the views on advances in career opportunities in chemistry under the specified theme of "Modern Chemistry for Sustainable Progress and Human Development".

Science Seminar Activity is a scientific congregation which brings together researchers, scientists, key decision makers and the industrial professionals in the same physical space and yet a brief intense period of discussion, collaboration and addressing related problems in career. We believe this session will be highly rewarding educational and networking experience to all.

We look forward to meet you in Science Seminar Activity,

With our best wishes.

Letter of Appreciation

To,
Prof. Dr. P. N. Patil
Associate Professor,
Department of Applied Science,
University of Technology and Applied Science (UTAS),
Muscat, Oman.

Respected Sir,

We are very much thankful for delivering talk on the topic "**Modern Chemistry for Sustainable Progress and Human Development**" for our B.Sc. I, II, III (Chemistry) and M.Sc. I & II (Analytical & Organic Chemistry) students on 21th January 2026. The lecture is very knowledgeable to our students and us. We expect same cooperation in future.

Thanking You

Yours faithfully,

Dr. S. H. Burungale
