Purpose :

1. The primary purpose of educational trips is to enhance classroom learning.
2. They provide an opportunity for students to see, touch, and experience what they have learned in the classroom.
3. It offers the perfect informal setup for discussion, dialogues and experiences which helps in developing various life-skills, such as team building, time management etc to enhance ones reach and impact in society.

No. of beneficiaries :

63

Class involved :

B.Sc. II (Chemistry & Bio-Chemistry) & B.Sc. III (Chemistry)

Outcome/ success achieved :

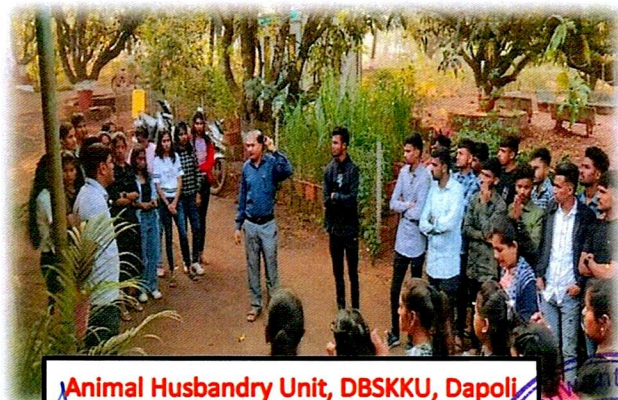

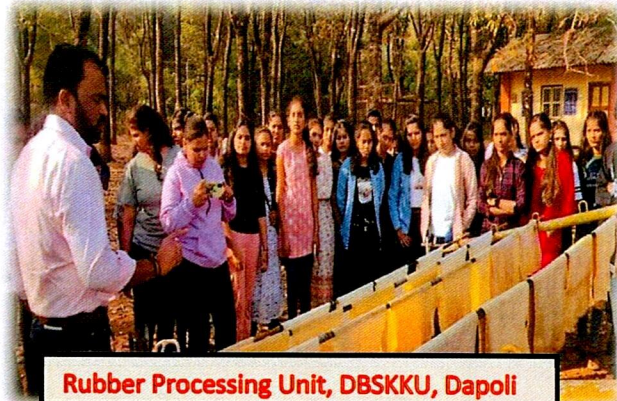

1. Students learns outside the classroom and get useful practical experience. There is a proverb that goes, "I hear and I forgot, I see and I remember, I do and I comprehend" and it refers to the idea that seeing something being done in a certain location helps people remember it better.
2. It enhances knowledge and understanding the history and culture of visited places. Trip is a group activity which helps students to develop teamwork skills and social skills. It encourages students to independent learning, promote creativity and critical thinking
