

About the Quiz competition

MicroVerse Quiz Competition – 2025 is an intercollegiate academic quiz designed to assess conceptual knowledge, analytical skills, and subject expertise in Microbiology through multiple competitive rounds. The competition specifically aims to engage undergraduate and postgraduate Microbiology students in various colleges affiliated to Shivaji University, Kolhapur. Providing them with a dynamic platform to test their subject understanding, enhance critical thinking, and apply theoretical knowledge in a competitive and collaborative environment. The event encourages academic excellence, teamwork, and scientific curiosity while promoting healthy competition among students from different institutions.

A maximum of three members are allowed per team.

Rounds

1. Round 1: Screening
2. Round 2: Dum Sheraz
3. Round 3: Visual Round
4. Round 4: Rapid-Fire Round
5. Round 5: Buzzer Round

About College

Shri Shivaji Education Society, Karad's Board for Higher Education, founded by Late Hon. Shri. Yashwantrao Chavan, former Deputy Prime Minister of India, established this college in June 1958 as Science College Karad with an objective of providing education in science to students of the Karad and surrounding area in Maharashtra. To keep his memory alive, the college was renamed after him in 1986. The college building inaugurated in 1960 by the President of India, Hon. Dr. Rajendra Prasad is located in a sprawling campus of around 40 acres and has flourished under the able stewardship of the Late Hon. Shri. P. D. Patil saheb. At present, Hon. Shri Shamrao alias Balasaheb Pandurang Patil, former Cabinet Minister for Co-operation and Marketing, is serving as the Chairman. Under his esteemed chairmanship, Yashwantrao Chavan College of Science, Karad has emerged as one of the premier educational institutions in the region. The college is a grant-in-aid institution affiliated with Shivaji University, Kolhapur.

About Department

The Department of Microbiology at Yashwantrao Chavan College of Science, Karad, established in 1975, proudly holds the distinction of being the first department at Shivaji University, Kolhapur, to offer undergraduate education in the emerging field of microbiology, leading to the B.Sc. Honours degree. It stands as one of the major departments within the college. The postgraduate section commenced its journey in 1979, once again pioneering this initiative within Shivaji University, Kolhapur. The current capacity for the Microbiology course is 48 seats for master's, divided into two batches of 24 students—one operating on a grant-in-aid basis and the other on a non-grant basis. Over two thousand students have successfully completed the master's program. Admission to all seats is strictly merit-based, determined through a university-conducted entrance examination, adhering to both university and government regulations. The eligibility criterion for the course is a B.Sc. in microbiology.
